

*Lillian Vallely Mission Statement*

The mission of the Lillian Vallely School is to help Native American children, K – 5, build a bridge to their future success educationally, socially and spiritually through a quality education consisting of academics, Shoshone-Bannock cultural heritage, and basic Christian values. The measure of success is to expand a student's ability to navigate Native and non-Native cultures, to compete academically, and to become a constructive influence at home and in the community.
